Independent Accountant's Report

Robbie Rudolph, Secretary, Finance and Administration Cabinet
The Honorable Thomas B. Brown
Logan County Property Valuation Administrator
Russellville, Kentucky 42276

We have performed the procedures enumerated below, which were agreed to by the Logan County Property Valuation Administrator (PVA), solely to assist you with the accountability for statutory contribution receipts and disbursements, including capital outlay disbursements, city government receipts, recordkeeping, and leases and contracts for period July 1, 2004 through June 30, 2005. This engagement to apply agreed-upon procedures was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the Logan County PVA. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. Procedure -

Determine if the PVA has a receipt ledger, a disbursement ledger, and reconciles bank records to books each month. Re-perform the year-end bank reconciliation (June 30, 2005), to determine if amounts are accurate.

Finding -

Receipts and disbursements ledgers were maintained and bank reconciliations were completed each month. The year-end bank reconciliation was accurate.

2. Procedure -

Compare recorded city receipts to confirmed payment amounts obtained from city governments. Also review the list of city receipts for completeness.

Finding -

Recorded city receipts agreed with confirmations and the list of city receipts appeared complete.

3. Procedure -

Compare the budgeted statutory contribution by fiscal court to the legally required amounts calculated by the Department of Revenue. Trace the fiscal court payments from the fiscal court statutory contribution budget account to the PVA's local bank account.

Finding -

The fiscal court budgeted the appropriate statutory contribution as required by the Revenue Cabinet and made payments to the Property Valuation Administrator. The Property Valuation Administrator deposited the statutory contribution payments to the local official bank account.

4. Procedure -

Judgmentally select 15 disbursements from PVA records and agree amounts to cancelled checks, paid invoices or other supporting documentation. Determine if the expenditure is for official business. Review all credit card statements (if any) to determine if expenditures are for official business.

Finding -

Selected disbursements had proper supporting documentation and all were for official business. The PVA office has no credit cards.

5. Procedure -

Compare capital outlay disbursements with cancelled checks, supporting documentation, and proper purchasing procedures. Verify the location of newly acquired assets. Determine if assets were added to the PVA's Capital Asset Inventory List.

Finding -

Capital outlay expenditures agreed with cancelled checks, supporting documentation and proper purchasing procedures. The location of newly acquired assets was verified. Most assets were added to the Property Valuation Administrator's Capital Asset Inventory List, however one (1) computer was omitted from the inventory list.

PVA's Response -

Agreed - Computer will be added at this point and the list will be complete and kept accurate from now on.

6. Procedure -

Scan vehicle lease agreements, personal service contracts, and professional service contracts for cost schedules and compare to actual payments. Determine if services received were appropriate, for official business, and properly authorized.

Finding -

Services received for professional service contracts were appropriate, for official business, and properly authorized.

7. Procedure -

Compare PVA's final budget to actual expenditures to determine if PVA overspent in any account series.

Finding -

The final budget was not overspent in any account series.

8. Procedure -

Determine whether collateral is necessary for the PVA's funds. If necessary determine if the PVA was sufficiently collateralized for the year and if a collateral agreement exists.

Finding -

Collateral was not necessary for the Property Valuation Administrator's funds.

9. Procedure -

Determine whether timesheets were completed, maintained, and supported hours worked.

Finding -

Timesheets were completed, maintained, and supported hours worked.

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on the receipts and disbursements, including capital outlay disbursements, city government receipts, recordkeeping, and leases and contracts. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the PVA and the Department of Revenue and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,
